Dear.....;

First, I would like to say that it is my hope that this finds you in good health or, as good as possible. Having said that now, it is my hope that the above subject has caught your attention.

I have had more than a couple of conversations with Tom and, I must say that he was my encouragement to go forward in putting this project together. What you have with the attachment is showing each side of a challenge coin designed, keeping in mind that the Geronimo men served in both the 501st Infantry, 101st Airborne Division and the 503rd Infantry, 173rd Airborne Brigade (Sep).

In case you have a desire to have this challenge coin in your possession, you need to know that only 298 were cut so, whether you have one or not depends on how fast you can get a \$10 dollar check in mail, please make sure the address is correct.

If you would like to send a check for \$20, in addition to a coin, I also will send you a 2010, WWII Airborne Legends Calendar. Now it is all up to you- in advance I send my thanks and appreciation to you for your order.

Warmest regards,
"Airborne All The Way"
Dayton W Herrington

Please send your order to: 712 49th A Ave Dr East
