

TO: One and All;

Perhaps it is a bit early to wish you all Merry Christmas; I do wish you exactly that. You may be somewhat surprised at the subject however; I have taken the time to design a coin with you guys in mind and now I am providing you with the information about it, all in hopes that you will want one.

There are two attachments to this Email- 1) A letter to all of you, filled with more than enough info about the coin and 2) Pictures of the coin- as you look at that picture you are looking at both sides- both sides of one coin- remember it is not two coins just ONE COIN.

I ordered 295 of these coins because of a costs factor, regardless as I wrote in the letter, I will ship on the basis of FIFO (first in first out) so please order quickly. I know that I did not order enough for everyone on the mailing list and when there is none left- when the number mounts to 100 plus, I will reorder but, I will start up a running list and I will send you an Email letting you know that I have received your order, thus the object being I do not want any coins left over laying around.

Rest assured that I have both the coins and the calendars here in house and as soon as I receive a good address to ship to plus a check, you order will be on the way within 24 hours. In closing, it is my hope that I have have not insulted anyone, which is the last thing that I want to do and, I hop that you approve of the coin. I do not have to say that I know you will show it off and be proud of it.

My thanks and warmest regards to one and all.

Sincerely,

Dayton W Herrington
